Ontario Fails To Heed Warnings On Smith

Ontarians Spurn All Suggestions On How To Vote

In the culmination of a robust political campaign that rocked Ontario with its bitterness, Oregon Smith and Mrs. Celesta Walters Tuesday romped home to victory.

They arrived at their destination despite an ocean of adverse political publicity that reached a new high in volume.

Smith, during the campaign, was accused of a variety of political "high crimes and misdemeanors" that seemingly failed to have the desired effect upon an electorate earnestly intent upon voting without any "coaching from the audience."

Reports in Ontario were rampant that while Smith is popular, a portion of his support was derived from a section of the population angered by the opposition's tactics, and determined to give that opposition a good political spanking.

If there was any doubt Monday as to the influence of puppet organizations in Ontario, it was dispelled by the Tuesday election. The recently organized Citizens' Committee, which had acted as a mouthpiece for the opposition, suffered a major political setback in its program to discredit Smith and the Ontario Chamber of Commerce.

The final tally showed the following results:

Smith	2330
Walters	2250
O'Bleness	1393
Harp	1387

Two other candidates, Harry C. Olson and Lorenzo D. Kiersey withdrew at the last moment in favor of O'Bleness and Harp.

Church Leader In Resignation

Bringing to a successful close a decade of work toward Protestant unity in Southern California, Dr. E. C. Farnham, General Secretary of the Southern California Council of Protestant Churches, submitted his resignation to the President of the Council, Dr. Clarence W. Kerr of Glendale, recently. The unexpecting resignation was accepted with deep regret by the President on behalf of the Board of Trustees.

Dr. Farnham leaves to accept a call to become Executive Secretary of the Oakland and San Francisco Councils of Churches with a commission to unite the entire Bay Area into one Protestant organization. In undertaking this challenging task, he will be well equipped with a background of 25 years experience in ecumenical work and Protestant relationships, having come to Los Angeles from the executive secretaryship of the Portland Council of Churches.

INJURED

Mrs. Ted McLaren, 303 South Euclid Avenue, suffered a rib fracture in a fall Saturday, and was given emergency treatment at San Antonio Community Hospital.

Sponsor Baseball League For Upland Youths

Shortly after the last war, a man by the name of Carl Stotz, of Williamsport, Penn., probably went thru just what we mentioned above, and decided that something should be done to better the situation. He not only had a good idea but it was spread to such an extent that in 1949 this idea had spread to over 300 leagues through-out 11 states, and this year in some 20 states and better.

His idea? Just this:

He started what is now known as "Little League Baseball." This is for kids from 8 to 12 years old. The game is played under the same rules but the field is cut down to more-or-less two-thirds of the standard field. The base paths are 60 feet apart; the pitching box 40 feet and 4 inches from the home plate, with fences 150 feet from home plate.

The players are outfitted in real uniforms, they have contracts, they have a training season before the start of the league play. They have responsible sponsors who act and take care of them, and they play under the best of supervision.

The ideal set-up is a league with four to six teams, and the winners advancing to other play-offs, until there is a possibility of a team play at Williamsport, Penn., for the Little World Series, with all expenses paid by the United

Held Funeral Services

Funtral services were held Saturday for John G. Myers, a resident of Ontario for the last 25 years. Myers, 78, had been ill for several months.

He served as a machinist for many years at the Ontario plant of General Electric, having moved to California in 1908 and to Ontario in 1925 from his home town, Waverly, Ohio.

Surviving him are his widow, two sisters, Mis Rosina Myers and Mrs. H. A. Morlet, Los Angeles; two brothers, Charles of El Monte and James of Columbus, Ohio; and a niece, Mrs. James B. Smith of Monteray Park.

Mary Jo, 8-year-old daughter of Mr. and Mrs. H. D. Barton, is home at 1025 East Arrow highway, Upland, after tonsillectomy.

Census Taker Crying For Some Help

According to Charles Lindner, crew leader in charge of Upland and Ontario rural districts, census taking in the country isn't any fun. According to Mr. Lindner when the census man gets there, the information isn' there. It seems there has been some misunderstanding as to the status of tenants. They are required to answer questions regarding the land regardless whether they own the same.

Mr. Lindner lists below the rules for the rural districts:

It is the duty and responsibility of each rancher and farmer to have the following information ready when the census taker visits his ranch.

The total number of acres of land managed by the farmer. This can be either land owned or land rented or land managed for others, as of April 1st, 1950.

The farmer should be able to report what this land was used for in 1949.

The farmer should be able to report the GROSS VALUE of the crops produced on this land in 1949.

The farmer should be able to report the total number of animals and live stock on this land as of April 1st, 1949.

Sunrise Service Witnessed By Local Reporter

By William N. Mitchell

The 39th annual Sunrise Service atop Mt. Rubidoux in the City of Riverside on Easter morning.

Although quite wet, it was very impressive.

It was my pleasure to watch this service from the K.T.L.A. broadcasting truck. With Dick Layne who narrated the service.

Approximately 300 persons braved the rain swept heights for this service and many more enjoyed it on their television sets throughout So. California.

The service had to be delayed for about 15 minutes due to the heavy rain. This however did not dampen the spirits of those in attendance. There was quite an array of brightly colored umberallas and foul weather apparel to be seen.

The music was rendered by the combined choirs of the churchesof Riverside. With special music by individual members. Mr. William Farnum the eminant motion picture actor recited the Poem "The Master is Coming". Just as the service was ending the Sun broke through the overcast skies and bathed the mountain top in a ray of light.

I will long remember this service as the most impressive that it has been my pleasure to attend.

William F. Fallis, after medical treatment, is home at 2000 East Ninth street, Upland.

Distinguished General Electric Visitors Here

Ralph J. Cordiner of New York City, executive vice president and a director of the General Electric Company, will visit the company's electric flatiron factory today, according to W. H. Tangeman, plant manager. Mr. Cordiner arrived in Los Angeles yesterday for a series of business conferences and a tour of the company's manufacturing plants in this area.

Ray W. Turnbull of San Francisco, commercial vice president for General Electric in the West, will accompany Mr. Cordiner to the Ontario Works.

While in the West Mr. Cordiner visited the Hanford Works at Richland, Washington, which is operated by General Electric for the Atomic Energy Commission.

James Roosevelt Here Today

Today James Roosevelt makes his personel appearance in downtown Upland at 2nd and A at 5 o'clock.

He comes here immediately after visiting Chino and Ontario. He speaks at the latter city at 4 o'clock at Euclid and C.

Roosevelt visit here is sponsored by the San Bernardino County organization headed by G. W. Holbrook.

The candidate will arrive here in the special trailer equipped with loud speakers. He makes his appearance on a platform at the rear of this vehicle.

His visit here will necessarily be limited, since from March 27, the start of the current tour, until the weekend before the June 6 primary election, he will be averaging six such appearances daily, most of them one to a city, with extended travel necessary between stops.

Local Man To Exhibit Rare Coins

Fred E. Draper is local sponsor of National Coin week in Upland. He is a member of the California numismatic association.

The week starting today has been designated National Coin week by the national organization, American Numismatic Association.

Mr. Draper will exhibit his collection entitled "The World's Silver Dollars" in the window of J. J. Atwood Co. during the week. Inside the store he will exhibit a collection containing all of the types of gold coins that were issued by the United State for circulation.

Among the coins exhibited is the coin that commanded death. The story of this coin is as follows:

During Mexico's unsettled year of 1913, the prevailing government minted a revolutionary "hate" peso directed against the igloriou: half-breed, Huerta, who later became the country's president, which was impressed with the words "Muera Huerta" (Death to Huerta). In retaliation, Huerta commanded his followers to put to death instantly anyone found possessing one of these dollars and many unsuspecting Mexicans of both sexes were brutally murdered.

Draper has been collecting coins for the last 13 years. He became interested in his hobby in helping a friend collect Indian head penneys.

An interesting side light of the gold coin exhibit at Atwoods is the fact that the entire coinage of the treasury would make it impossible to assembly many such collections. One rare coin came from the collector of King Farouk of Egypt.

The Ontario group is headed by F. H. Smith and Dr. Calvert Emmons. They will exhibit U. S. coins from half-cent to the twenty dollar gold piece in Fred Smith's jewelry store window.

In addition Dr. Emmons will exhibit commemorative half dollars in the window of the Bank of America, Ontario.

Pomona College Gym Progresses

Work on Pomona College's $305,00 War Memorial Gymnasium is far ahead of schedule, according to Roy A. Stonaker, building superintendent.

Completion of the gym, according to Stonaker's estimates, will take place not later than Augest 15, leaving ample time for finishing and equipping the building before the opening of the fall term, late in September.

Baptist Crusade To Make Report Monday

Representatives from various Southern Baptist churches in this area will gather at the First Baptist Church of Upland on the morning of April 17. They will bring echoes from the Simultaneous revivals now in progress within these churches. This is a part of the rally schedule in connection with the Simultaneous Evangelistic Crusade in over 800 Baptist Churches West of the Mississippi River.

PaPstor L. T. Lemon reports that interest is good in the Revival Services in the First Baptist Church here. Sunday School attendance on last Sunday was 183. An attendance goal of 280 has been set for next Sunday. Week night attendance is petter than at any time during Rev. Lemon's three years with the church. Three were baptized at the evening service last Sunday.

The revival will continue until April 23. Services are each evening at 7:30. The service is preceeded by a thirty minute prayer meeting groups. All age groups are included. The public is cordially invited to attend these services.

Honor McFee

The vestry of St. Mark's Parish Church in Upland chose Palm Sunday as the occasion to honor Henry Lee McFee, associate professor of art at Scripps College and Claremont Graduate School, for his artistic contributions to the church.

A plaque was installed last Sunday in the church which says, "By this writing on enduring bronze, the vestry of St. Marks Parish of Upland desires to commenorate the service and artistic skill of Henry Lee McFee in adorning the chancel and nave. For him it was a labor of devotion to the glory of God."

Short Talks

(Teacher, Journalist and Minister)

MEEKNESS

The quality of meekness is not usually thought of among men as being an attribute of those who are successful. Too often, men's ideas suggest strength as being coupled with those who are hard, cold, haughty and ruthless. Still, it is true that the great Apostle Paul mentioned meekness as a quality of the Spirit.

As one thinks of these matters he is reminded of the statement of the prophet that God's thoughts and ways are not like those of men. (Isa. 55:8). Those individuals who have been closest to God, have exhibited that quality of character designated as meekness.

Moses was a very meek man, and he was chosen to lead the Children of Israel from bondage to the Promised Land. With him God did not deal in dark sayings through the instrumentality of another, but spoke face to face, or directly.

Jesus was meek and lowly in spirit, and whatever else you may think of the Galilean Carpenter, and if you are willing to accept the facts, you must acknowledge that he has left a greater impression on men than any other person who ever lived. True, as regards principles of righteousness, he was Judah, but particularly in respect to personel attacks he was meek, and on being reviled he reviled not again.

A meek and quiet spirit has more potential power than an individual who is loud, boid, blusterous. He will not only make more friends, but he is more likely to succeed in his task and to advance in his position.

This trait of character here under consideration is not to be thought of as causing one to be the fearful, cringing, Milquetoast type, but rather, this meekness of which we think is found in the person who also exhibits gentleness, longsuffering and selfcontrol—it is a fruit of that kind of Spirit. (Gal.5:22,23).

Like the mighty river that flows along quietly and irresistible, so this meek and quiet spirit has strength and power beneath an unruffled surface.

Eighteen new research grants totaling $104,045 will be awarded by the American Cancer Society this year to research scientists in six leading California medical institutions.

Saturday: 9:30 a.m. Catechumen Classes for Juniors.

To Continue Discourses

Lloyd E. Ellis, Minister of the Upland Church of Christ, is to speak on "The Church in Smyrna" at 7:30 p.m., Sunday. This is the thrid in a series of discourses on the messages to the Seven Churches of Asia as given to John on the Isle of Patmos. The morning sermon is on the subject of "He Preached Jesus", and is based on the statement found in Acts 8:35.

"Jesus did not send men to preach some particular dogma", states Mr. Ellis, "but rather to tell men of Jesus the Christ, the Son of the Living God. In that story one finds how Jesus lived, what he taught, and what men must do in order to be obedient unto him that they may be recipients of his blessings"

The young people's groups meet for study at 6:30 each Sunday evening. The Wednesday evening discussion and study group meets at 7:30; and the Ladies Bible class continues to meet at 10 a.m., Thursday.

Local Police To Have New Radio System

Upland's police and fire departments will be equipped with completely new three-way radio communication equipment as soon as possible at a cost of $5717, it was decided at the meeting of the Upland City Council Thursday night. The change-over will be made July 1.

The change-over is the result of an order from the Federal Communications Commission, which requires use of frequency modulation instead of standard radio.

Foothill Signals To Be Installed

The California Department of Public Works has again assured residents of the valley that four traffic signals will be installed along Foothill Boulevard. C. H. Purcell, of the department, declared that plans are now being prepared and that construction will be underway early in the 1950-51 fiscal year.

Two signals will be placed in Fontana, one at the intersection of Sierra Avenue and the other at Citrus Avenue. The others will be located at Archibald in Cucamonga and on Riverside Drive in Rialto.

GRAND OPENING OF CAMPUS GARDENS ANNOUNCED TODAY

Grand opening of the $650,000 Campus Gardens residential development in Upland will definitely take place next weekend, April 15 and 16, it was announced today by officials of the Carlton Builder's, Inc., developers.

A feature of the introduction will be the formal opening of a model home, furnished throughout by the Upland Furniture Co. in a motif applicable to any of the 82 two and three-bedroom homes comprising Campus Gardens.

The homes, situated just south of Foothill Blvd. and a few blocks east of Euclid Ave., Upland, are priced from $7850 up, and may be bought by veterans without any down payment except the usual escrow and impound costs. Monthly payments which include everything, begin at $50.25, reducible to approximately $46 after veterans' tax exemption.

Typical of the features included in each home are a Waste King automatic garbage pulverator and Thermador electric bathroom heater. Every house has a front ,side and rear lawn, with shrubs; two-car garage; selected oak floors; thermostat-controlled furnace; walls and ceilings papered or painted; touch-plate light switch system; weather-stripped on all doors, and many other advantages.

The property is fully improved with sewers, paved streets and sidewalks.

Only seven homes remain available of the 48 two and three-bedroom dwellings in Chaffey Manor, new development between Fourth and Fifth Sts., five blocks east of Chaffey High School, Ontario.

The 48 homes were placed on the public market at a formal opening last weekend, April 1 and 2nd.

Inspected and approved by the Veterans Administration, the Chaffey Manor homes are priced from $7425, and are available to veterans without down payment other than regular impound and escrow charges. Payments start at $47 after veterans' tax exemption, with four percent G.I. loans in effect.

The residences are situated on spacious lots averaging 58x137 feet. Living room in each home is at the rear, with a wall of glass overlooking covered and paved patio-porch. Features of each home include an automatic garbage disposal electric bathroom heater, dual floor furnace, No. 1 oak floors, decorated walls, and planted lawn and shrubs.

Eighth School Started In Ontario

Ground was broken Tuesday for construction of Ontario's eighth elementary school, yet unnamed. The first shovel of dirt was turned by Leland Davidson, president of the Ontario Board of Education. Others taking a hand in the ground breaking were Miss Alma Hoffman, pprincipal-elect of the new building, which is located at Monte Vista and Orchard avenues; Bruce Miller, city superintendant of schools; Homer Briggs, assistant superintendant, Jay D. Harnish, architect, and Miss Janet Kuhns, member of the San Antonio School color guard and a future pupil of the new building.

Break Windows In Fun Fest

Parents of five 9 to 11-year old boys will have to pay over $100 to replace 28 panes of glass broken on the last day of Spring vacation in Ontario's Lincoln School.

The mass vandalism started when one of the boys dared another one to break a window. When a nearby resident called police to report the mischeif then in progress, a police officer was dispatched. When he arrived he rounded up four of the boys. The name of the fifth was learned later.

Parents agreed to pay the cost of the damages pro-rata.

Upland Boy In Film "Cheaper By The Dozen"

Teddy Driver, son of Mr and Mrs. Grant Driver, 845 West Sixteenth, Upland, is currently appearing in the film "Cheaper by the Dozen," now showing at the State Theatre in Pomona.

Teddy is freckle-faced and red haired. First hired for the movies when 4, he has also appeared in "The Miricle of Thirty-fourth Street."

Being in movies is no fun. Most of Teddy's salary goes into an educational fund established for him by his parents. Right now he is trying to save several dollars to purchase a toy car.

One of his parents has to be on the set when any pictures are being made. This makes outside help with the housework necessary.

Mrs. Driver does much of the necessary coaching for lines. Teddy has never had a professional acting lesson.

Ted's father is employed with the advertising department of a local newspaper.

While on location in the movie studio, school is not forgotton. For several hours each day, he attends classes in a school right on the motion picture lot. Regularly, he is enrolled in the second grade of Eighteenth Street School.

20-30 Carnival At Ontario Is Very Popular

The Ontario 20-30 Club is making sure that parents of small children will have a good time at carnival they are sponsoring on West A St., Ontario. Members of the club spotted throughout the grounds at each performance will award free rides to children accompanied by their parents.

This gives parents a few minutes to enjoy themselves. Thus far the idea has proven a huge success.

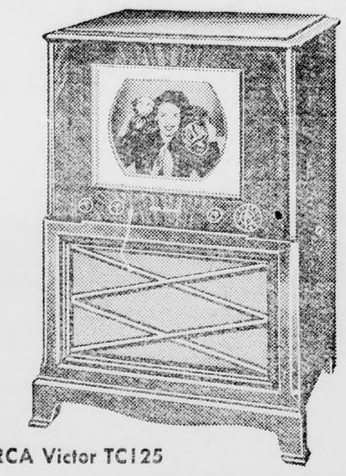

Club members pointed out that members themselves operate the equipment, which has been rented from a large carnival concern. The equipment is considerably better than that obtainable last year. Proceeds of the carnival, which ends Sunday night, go to charity.

Auto Theft Puzzling

Upland police were puzzled this week by tht theft of two automobiles, although both have been recovered and returned to their owners.

Adren Oswald, 975 East Ninth Street, reported to police that he had found a car hidden in the Cucamonga wash, below Sixteenth Street and adjacent to Red Hill Country Club, registered in the name of Alan A. Couch. It had been stolen from a parking lot in the rear of the Couch establishment. Three coming from the vicinity were aprehendtd but were released after questioning.

Mrs. W. L. Henderson, 132 Bonnie Braw Court, reported that her car, which she parked in front of 681 North Ninth Avenue at 8 p.m., was missing when she returned at 8:45. The car was later found in a driveway on Ninth Avenue at Eleventh Street with the motor warm, but little gasoline consumed.

RCA Victor TC125

We've seen a lot of television sets come and go, but here's one that, dollar for dollar, you'll not beat anywhere. It's RCA Victor Eye Witness console television with a big, 12½-inch screen. RCA Victor's Eye Witness Picture Synchronizer keeps the pictures sharp, clear and steady. Among the many outstanding features are these: a built-in antenna, the "Golden Throat" tone system, a phono-jack to plug in the RCA Victor "45" automatic record changer. Come see it today. AC.

No college football stadium in the country could seat all the owners of Standard of California.

With 97,000 individual stockholders, it's one of the most widely owned companies in the West... and more than 70% of these people are small stockholders with less than 100 shares.

Among the large stockholders, you'll find literally hundreds of companies and organizations which work for you or benefit you every day—hospitals, universities, museums, churches, insurance companies, YMCA groups, research laboratories. And, of course, thousands of our employees are also owners. Standard of California profits, therefore, are divided among a tremendous number of people.

You share, too. Just since the war we've invested more than $500,000,000 in oil wells, refinery units, pipelines, tankers, distribution plants and marketing outlets...facilities to help us meet our responsibilities to serve the growing West.

Chaffey Graduate In Recital

Featuring one of his own compositions, "Sonata in C Minor," Laurence Abbott will be presented by the Pomona College department of music in his senior organ recital on Monday evening, April 10, at 8:00 o'clock in Bridges Hall of Music.

The son of Mr. and Mrs. Laurence S. Abbott, he is a senior music major at Pomona. He was graduated in 1943 from Chaffey High School and spent 27 months in the Army with the final rank of staff sergeant. He was awarded the William J. Howard music scholarship for the current academic year at Pomona, and is organist of the Westminster Presbyterian Church of Ontario. Abbott recently completed construction on an organ in his home. He began the project in 1947 under the guidance of William G. Blanchard, associate professor of music and organist at Pomona College.

The program Monday evening will begin with two numbers by Bach: "Chorale Prelude - Come, Saviour of the Gentiles" and "Fantasie and Fugue in C Minor." Franch's "Corale in B Minor" is next with "Harmonies du Soir" by Karb-Elert and "West Wind" by Alec Rowley just before Abbott's Sonata. The last two selections will be "Aria" by Flor Peeters and "Prelude and Fugue in A flat Major" by Marcel Dupre.

The recital will be open to the public.

Women's Auxiliary Of San Antonio Hospital To Meet

According to Mrs. W. R. Mason, president, of the Women's Auxiliary of the San Antonio Community Hospital will hold its regular monthly meeting on Monday afternoon, April 17 at three o'clock, in the solorium of the hospital.

Mrs. Ballou has arranged another instructive program: a talking motion picture, "Girls in White." This documentary film portrays accurately the life of the student nurse and the opportunities open to the graduate. It is of interest not only to the nursing profession, but to the general public and we know that you will find it most educational and interesting.

Dr. A. A. Aita will talk briefly on "The Impact of the Shortened Hospital Stay".

We hope for a large attendance, as this is the last regular meeting for the hospital year. The May meeting will be the luncheon meeting with annual reports.

Invite Local Residents To Concert

Music lovers of Upland and vicinity are being reminded to 'phone (2-1522) or write to the adult education headquarters, room 111, Pomona High school, 650 E. Holt avenue, for free tickets of admission to next Monday evening's all-request concert to be presented in Fremont auditorium, S. Garey and Ninth, at 8:15 o'clock by the Los Angeles County's "symphonette" group of 42 professionals under baton of Frank Hubbel, former Pomonan.

Board Approves New Program

The Upland school board Monday night approved use of the Upland Elementary School cafeteria for folk dancing sponsored by the Chaffey Adult Education program. The cafeteria will be used for the classes one evening per week, with Chaffey to reimburse the school district for utilities used and for a custodian to be on the premises.

Post To Be Presented New Flag

American Legion post 835, Cucamonga, will be presented with a new flag this evening at 8 p.m. The ceremonies will be held at the El Bambero club, and many dignataries will be present for the event.

Presentation of the colors to Post Commands Edmind Ortega will be made by Don Chapman, district commander. Houston Dewey, district public relations chairman, will serve as master of ceremonies.

The flag is a gift of Padre Vineyard Co. and Garrett & Co. as well as many Cucamonga merchants.

The deadline for most veterans for starting a course of education and training under the GI Bill is fifteen months away—on July 25, 1951.

American Legion Auxiliary Meet

Mr. Arthur Teeter, of Chula Vista, was speaker at a meeting of the Upland Unit of the American Legion Auxiliary, held April 6 at the Legion Club House in Upland. Mr. Teeter illustrated his travels in Ecuador and other Pan American countries by scenic views and the display of articles made by natives of those countries. Among other interesting facts, he explained that as the white population of Quito was only about ten per cent, there were not enough teachers for the schools and the practice of educating the natives was "Each one teach one."

Mr. Teeter is visiting his sister, Mrs. Leslie Griffith, of Upland. Mrs. Griffith is vice-president of the Upland Unit and assisted by Mrs. Houston Dewey, the Unit's Pan American Chairman in arranging the program. A guest, who accompanied Mr. Teeter, was Mr. Robert Grant, of Boston, who is attending USC.

Mrs. Evert Carter, president, presided over a short business session. It was voted to supply milk and canned fruit to a needy family for a stated period.

Under the Child Welfare Program, a message from the Auxiliary's national president, Mrs. Normal Sheehe, was read by Mrs. Hooker.

An hour of entertainment followed the meeting and refreshments were served at tables beautifully decorated in the Easter Motive. Hostesses for the evening were: Mmes. John Rhodes, Evert Carter, Harry Plum, Nellie Jones and Francis Rogers.

Chaffey Campus Notes

By Fred Shaw

Two Upland residents have important roles in the Chaffey College drama department's production of Noel Coward's "Hay Fever" scheduled for 8:15 p.m. next Thursday and Friday in Hill auditorium. The play deals with the experiences of four weekend guests in the home of the delightful mad Bliss family. Jim Harrison and Jere Young have the parts of two of the guests—Harrison as Sandy Tyrel, a young boxer befriended by the family, and Young as Richard Greatham, the suave diplomatist.

Both Harrison and Young bring to the production exttnsive experience in local dramatico. Jim has appeared in four of the high school's annual Extravaganzas and is currently a member of the Foothill Music Association. He took an important part in the recent "Deep Purple Parade," presented by the Chaffey Symphonic choir, and had a leading role in last November's drama department production, "All My Sons."

Jere is at present vice-president of the Upland Community Players and has been chosen to direct their next production. He has also appeared in numerous Chaffey high school presentations—both in dramatics and in Extravaganzas. He had a role in the college's "Christmas Carol" of 1948.

A former Upland resident in the "Hay Fever" cast is Joel Climenhaga. Joel has the part of David Bliss, imperturbable novelist and head of the Bliss household. He has appeared in four previous department productions, "Beautiful People," "A Christmas Carol," "The Merchant of Yonkers," and "All My Sons," besides being in Upland Community Players' presentations. Now living in the Chaffey Barracks, he was an Upland resident for nearly ten years.

Now that the Spring vacation—April 1 to 10—is over, both the high school and college campuses seem to be overun with sun-tanned, wind-burned, and generally weather-beaten guy and girls, many of whom spent their entire vacations taking part in Laguna Beach's Luana Week activities.

Postponed Play Rescheduled For April 20, 21

Originally scheduled for the last week in March, the Chaffey College Drama department's production of Noel Coward's satirical comedy, "Hay Fever," is now to be given April 20 and 21 in the Merton E. Hill auditorium on the college campus. Curtain time is 8:15 p.m.

Reason for postponement was the injury and subsequent illness of Mrs. Ruth Tremaine Kegley, department head and play director. Mrs. Kegley is supervising the production from her bed, but Instructor Jack Feeney has taken over the duties of acting director.

A brilliant farce based on the manners and morals of upper middle class British life, "Hay Fever" conibines amusing characterizations, witty dialogue, and hilarious situations to bring about the famed Noel Coward style that endeared him to British and American audiences for three decades. Written in 1925, it enjoyed long runs and enthusiastic reception in London and on the Broadway stage. More recently it has been done by school dramatic departments and stock companies, who find it particularly challenging and generally appealing to audiences.

Sponsored by the Chaffey chapter of Delta Psi Omega, national dramatics fraternity, this production of "Hay Fever" presents a strong contrast to previous department plays. The successful performances of Arthur Miller's prize-winning drama, "All My Sons," last November, anl Thornton Wilder's "Merchant of Yonkers" and Saroyan's "Beautiful People" last year have been highlights of local theatre seasons in the past.

Tickets prices have been set at 60 cents for adults and 30 cents for students. No reserved seats will be sold, but there should be good seats for everyone for both performances.

There were 93,000 more persons inured in U. S. motor vehicle accidents last year than in 1948.

The film "Stanley and Livingstone" will be the special feature of the La Verne College Film Fellowship on Saturday night at the college auditorium 8:00 p.m.

Carl Mezzie Jr., 330 North 14th street, Upland, is a mtdical patient.

Mrs. Ann Pennington is home in Rialto after minor surgery.

Racers Will Qualify Today At Pomona

This afternoon qualifying takes place at the Pomona Fairgrounds for the big 200-lap, 100-mile National Championship midget auto classic to be held Sunday afternoon, April 16, on the tricky, dirt half-mile oval.

Most of the big names in midget auto racing will be trying for the 24 starting positions when they take their 3-lap trial spins this afternoon. Qualifying starts at 1:30.

Johnny Parsons heads the list of big names trying the track today as he is the official AAA 1949 big car champion and second place winner of the 1949 Indianapolis grind.

These other "big wheels" will compete with Parsons this afternoon: Perry Grimm, 1949 Pacific Coast AAA midget champ; Sam Hanks, 1949 AAA National champion; Troy Ruttman, the Ontario "whiz kid"; Mack Hellings one of the best in the land in anything he drives; "Bullet" Joe Garson of Los Angeles; Cal Niday, Danny Oakes, Johnny McDowell, Billy Vukovich, Walt Faulkner, Bill Taylor, Bob Barker, Jack McGrath, Manuel Ayulo and quite possibly the great Duke Nalon will come roaring out of semi-racing retirement after his brush with death last year when his Novi Special hit the crash wall and caught fire as he was leading the race. These are a few of the drivers who will be on hand this afternoon and Sunday.

Children will be admitted free for the qualifying with adults charged just fifty cents. Tickets for the Sunday show may be obtained at any Harris and Frank store.

DON BENSON

Besides the Eastern and the Western Division leagues for the Upland Nightball League, we seem to have failed to get around to talking about the other leagues that will keep the soft-ball fields of Upland nothing but on the busy side.

To start with, there is the red-hot Service Club League, which will be composed of the Lions, Rotary, Exchange, and the 20-30 club. There is a very strong possibility that the Post-Office "boy's" will enter a team, as they are cogitating the subject now, and seem to be very much in favor of having a team. Harvey McMasters, a former soft-ball whizzer, will no doubt be manager.

The Lions may have to take a back seat this year, as the new Exchange Club will have lots of younger men, and if they can play soft-ball like they do other things, they should have a swell team.

Then we have what recreational director Lou Fuller called Junior soft-ball League, which will have six teams, to be formed later, and the ages of these players range from 12 through 15. This league also has a tie-up with the Ramblers, as the Ramblers will be formed from the better players of the league.

The Ramblers played last year in the same league with the two teams from Pomona, LaVerne, Claremont, and San Dimas, with the Upland hustlers winning the league, too. They will be back this year but it's far too early to make any wild predictions about the team.

The Girls' League will again be with us, with Upland definitely having two teams this year, and we also hope to have more on this later on, too.

Drifting over to the baseball scene for the local apple-orchard, Upland will again have a team in the American Legion Baseball League, which will be managed by a mighty sharp trio consisting of Kenny Smith, Odis Baker, and Ted Miller. Last year Odie Baker's Upland team ran a foul of some mighty foul rulings and lost out in the red-tape of the commissioner's rulings, which never made sense to us.

The Upland Pirates will be back for action in the strong American League, and the Buccaneer's should do just as well as last year, in spite of losing several excellent players, such as Dennis Luby and quite a few others. Most of the games will be played in the Perris Hill Park, with a few being scheduled for the local scene of base-knocks.

The age limit for the American Legion team is: The player may be 17 but not thru the season. For the Pirates, the player may not be over 18 at the start of the season, so Lou Fuller informed us.

Yes, back when the park was just starting the drive for a ball field and stuff, you may have wondered just how much good the money that you gave to the fund would bring—This should be your answer, don't you think?

SPONSOR BASEBALL LEAGUE

(Continued from page one)

States Rubber Co., who have sponsored this program with Stotz from the beginning.

This year Upland will have a "Little League Baseball" set-up, thanks to recreational director Lew Fuller. He told us that he has spread the word among the various service clubs and they have expressed interest in the venture, and in the, mean-time, several concerns have without asking, asked to be allowed to sponsor a team, which shows the soundness of the program when once you grasp all the details.

Here's how the sponsor operates, so far as the players are concerned: All the kids interested; and there will be plenty, believe me; will have a "spring training priod with each boy starting with 30,000 credits. He will add credits upon the way he shows his talents during the work-outs and will be graded accordingly by a competent critic. Then, at the end of the training season the managers of the different sponsors will set down and draw players, with the thought in mind of the rule that states that no team may have more than 5 players 12 years old; or less than 3 players 10 years or younger, or as the normal team would be; five players of 12 yrs.; 4 players of 11; and 3 players 10 years and younger.

This would and does prevent over-balanced teams for the sponsors and makes for a better league, too. Players may be traded by the managers, just as in the big leagues of today, and the more credits a player has, naturally, the better trade a manager may make.

Richard, 3-year-old son of Mr. and Mrs. Lloyd Christman, after tonsillectomy, is home at 1454 Clair avenue.

Spring Brings Upsurge Of Employment

Spring brought an upsurge of activities to the West End, resulting in more employers hiring veterans today stated Gunner Lind, Chairman of the Veterans Employment Committee. According to statistics released by Mabel Gammelgaard, Manager of the Department of Employment, the number of unemployed veterans registered with that agency dropped to 354 in March. The number is still too high, and special commendation should go to those employers listed below who hired veterans during March:

Local Men Attend Meet

Dr. C. Roger Brissman of Ontario and Dr. Dozier attended the 45th Annual Convention of the California Opeometric Association held recently at Santa Cruz. They will make a report on the Convention activities, as well as the Resolutions adopted.

Dr. Brissman was re-elected Director of the Department of Public Information of the state optometric group.

Fontana Deputies Kept Busy

Fontana Sheriff's deputies traveled 10,318 miles last month to answer 466 complaints resulting in 43 arrests, it was revealed this week. Most of the complaints were of the public service type and could not result in arrests. Incarcerations were made for the following crimes:

Assault, 1; battery, 3; intoxication, 7; malicious mischief, 2; petty theft, 7; vagrancy, 8; failure to provide, 3; rape, 1; grand theft of automobile, 4; various check charges, 2; miscellaneous, 9.

Citrus Demand Is Steady

A good pre-Easter demand prevailed for California navel oranges during the week ending April 8. Total sales were 50 cars more than the previous week, the fob average practically unchanged at a fairly steady level.

In view of the generally favorable marketing outlook, the Orange Administrative Committee recommended a 1250 car probate on Southern California navels for the week beginning April 9, an increase of 100 cars over the previous week. Florida estimates the movement of 1430 cars of oranges in fresh fruit channels during the second week in April.

Demand for California lemons was more active during the pre-Easter week. Sales were approximately 40 cars less than the previous week, due to lighter arrivals, and the fob average was up about 25 cents a box.

Some accumulation of supplies of smaller sizes and lower grades was reported in a few larger markets but the trad generally have only moderate to normal lemon inventories.

The Lemon Administrative Committee recommended a prorate of 340 cars of lemons for the week beginning April 9, an increase of 15 cars over the current week.

Casa Colina Will Expand Bed Capacity

Clearance for bed capacity of 58 has been received by Casa Colina from the State Department of Public Health and the Office of the State Fire Marshal, it was reported today by Frances Eleanor Smith, executive vice president of the home for crippled children at Chino. This is an increase of 23 over the home's former license for 35 patients.

Inspection of the home was made by both departments soon after the completion of the Fenton Memorial Wing last September, said Mrs. Smith. Before clearance could be obtained from the State Fire Marshall a ramp had to be built from one of the wards to assure more rapid removal of the children from the room in case of fire. The ramp was built at a cost of $1100.00.

Although the polio epidemic has subsided, the home is still receiving new polio cases, said Mrs. Smith. Two new cases were admitted last week, and many of the children who were admitted at the time of the epidemic are still receiving therapy and care at the home.

Casa Colina is also preparing to help meet the grave need for convalescent for rheumatic heart patients in Southern California, she said. Last week the Los Angeles county chapters of the Chi Omega Alumnae contributed $1,000.00 to equip a laboratory at the home to be used in the treatment of these children.

A contract for the building of the Santa Anita Community Hospital at Lake Arrowhead has been awarded to the bid of Bakker & Branham of San Bernardino and Lake Arrowhead, it was announced here today.

Republicans Will Hold Convention Saturday, April 22

California Republicans will hold one of the largest and most important political conventions in the history of the state on Saturday, April 22, according to information received today by Hugh Holmes, chairman of the San Bernardino county Republican Central Committee.

Holmes said that Republican party leaders in San Bernardino county have been cooperating in plans to make the convention, which will be in Fresno, a real party grass-roots rally with large delegations from all 58 counties of the state.

The convention was planned to give every Republican candidate for a major political office an opportunity to speak to party leaders at one meeting and to give the delegates a first-hand knowledge of the qualifications and personalities of the Republican candidates.

Holmes pointed out that under the California election system the political parties do not hold nominating conventions, but the Fresno meeting will be somewhat similar because it will give Republican party candidates a soundingboard to kick-off this year's political campaigns. He said the convention delegates will not endorse candidates, but the session was arranged to fill a need to arouse party enthusiasm that has been lacking under the primary election system of nominating candidates.

Gov. Earl Warren heads the list of Republican candidates who will speak at the convention. Other candidates who will address the delegates are: Congressman Richard Nixon, Judge Albert Levitt and Ulysses G. B. Meyer, who are candidates for the U. S. Senate; Lt. Gov. Goodwin J. Knight, who is a candidate for re-election, and his opponent, Raymond V. Darby; Attorney General Fred N. Howser, who is a candidate for re-election, and his opponent, Edward S. Shattuck; Frank M. Jordan, Secretary of State who is a candidate for re-election; Thomas H. Kuchel, Controller, who is a candidate for re-election; and Charles G. Johnson, Treasurer who is a candidate for re-election.

Speeding on U. S. streets and highways last year injured 398,700 men, women and children.

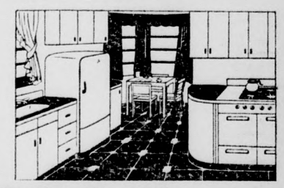

Ontario Rescue Mission Serves 8110 Meals

The Ontario Rescue Mission served 8110 meals during 1949 to needy transiets, as well as supplying 3090 beds. This was reported by the Mission's director, Rev. Kalley Stanbaugh, who spoke at an invitation at the meeting of the Ontario City Board of Health held last week at the Orange Hotel.

The Mission was founded 22 years ago by the late Rev. L. D. Tifft, and is sponsored by the Assembly of God Church. Food and clothing which are always needed, are contributed by local service organizations.

Most of the persons aided by the Mission are helped for only one night, but some are helped for a period of time, and every effort is made to secure steady employment for them by Rev. Stanbaugh.

you see Edison owners everywhere

DOES THIS PICTURE strike a familiar chord—as one which could have been taken on your farm, or a farm you know of? Putting familiar faces in it would make it even more correct. Edison Company owners quite frequently meet and talk on the farms in your vicinity and others just like it. There are many thousands of them, you know—people of all ages, both sexes and in all walks of life. Most likely you are one of them, and many of the others are your friends and neighbors.*

*Included in the list of Edison's direct (stockholding) owners are people of just about every vocation—farmers, housewives, storekeepers, laborers, teachers and many others.

COLBORN'S RECORD COLUMN

(Courtesy of Record Department Colborn Electric Company.)

Spring Will Be A Little Late This Year (ASCAP) with Ralph Flanagan and his orchestra (from Universal film "Christmas Holiday") Vocal by Harry Prime).

Joshua (ASCAP)

"The Flanagan Flair" never showed to more advantage than it does on the latest pair of biscuits waxed for RCA Victor by this sensational new young bandleader. With a beat perfectly keyed to dancing and rhythm that has already started a tremendous following from all over the country, the Flanagan Orchestra has what it takes. "Spring Will Be A Little Late This Year" is the favorite oldie, turned out by Ralph and his sidemen with all the romantic underbeat due this tune. Harry Prime takes over on the melancholy lyrics, with the steady beat of the Flanagan lads as a backdrop.

"Joshua" is a number that really packs a danceable wallop, played as a straight instrumental by the Flanagan aggregation. This is a perfect blend of brass and reed, with a beat that'll be hard to resist. This Flanagan in his most melodious medium, with a tune that moves all the way.

Little Darlin', Little Angel (ASCAP) with orchestra conducted by Henri Rene (with The Three Beaus)

Bemine (ASCAP) (with chorus)

Chanteuse Mindy Carson has a new brace of ditties for RCA Victor that highlight her versatile singing talent in outstanding fashion. The "A" side is a fast-moving novelty number "Little Darlin', Little Angel," with Mindy, supported by The Three Beaus, tossing off the lyrics with plenty of personality. Mindy tells all about how her man done her wrong, "goin' in and out of the wrong door" in the wee, sma' hours. The tune which amazingly enough is the quartette from "Rigoletto" has sort of rustic mood, coupled with the famous Carson way with a song.

"Be Mine" is Mindy in her most vocally alluring element, singing this prayer-ful love testimony with her heart and soul. It's a very slow and impressive number, with a choir background to set the mood. Henri Rene and his orchestra provide the musical backing to perfection.

Bewitched (ASCAP) Larry Green and his orchestra (from musical production "Pal Joey") (vocal by The Honeydreamers)

If I Had You On A Desert Island (ASCAP) (Vocal by the Three Beaus and A PePep)

Larry Green's new RCA Victor spinning of "Bewitched" showcases the maestro's famous keyboard at its most captivating best. The tune is perennial, with Larry and his lads giving it a very danceable and melodic treatment. The Honeydreamers are the guys and gals with the words, as this famous hit from the Broad production of "Pal Joey" is taken for a new lyric joyride.

"If I Had You On A Desert Island" has some elements of the turn of the century quartet ballads, with modern mood set by the Green pianist pyrotechnics. The tune is a novelty, with The Three Beaus and Peep kidding around about going off to some island in the Pacific where love is king.

Peter Cottontail (EMI)

Fran Allison with orchestra conducted by Jack Fascinate.

Stars Are The Windows of Heaven (ASCAP)

Fran Allison, who is THE Fran of "Kukla, Fran and Ollie" children's video fame, makes her bow on the RCA Victor black label with a top-flight rendition of that perky Easter tune, "Peter Cottontail." As "Rudolph, the Red Nosed Reindeer" was the big item of the Cule season, so "Peter" is slated for bunnytime popularity. Fran's thrushing has a big personality, and her version of the "Cottontail" caper is sure-fire.

Famed Choir To Riverside

The Nniversity of Southern California's famous 80-voice a cappella choir will sing a program of sacred and semi-classicial music in Riverside Saturday night, April 15, under the auspices of the Riverside Musicians Association.

DR. CHARLES C. HIRT

The concert will be given in the Central Junior High School auditorium at 8:15 p.m. Season ticket holders will comprise most of the audience, but seats for the SC concert will be avilable at the door

The choir is under the direction of Dr. Charles C. Hirt, head of the department of sacred music in the SC School of Music.

Speeding on U. S. streets and highways last year killed 10,000 men, women and children.

Poultrymen Meet

A meeting of poultrymen at West Arrow Club in Fontana held Tuesday night by the poultry section of the California Farm Research and Legislative Committee discussed the economic squeeze in which poultry and egg producers now find themselves.

It was decided to call a large Poultrymen's Town Meeting at Fontana Junior High School Auditorium next Tuesday, April 4th, at 7:30 p.m. for the purpose of taking definite remedial action. All poultrymen are invited to attend and help make decisions.

Gov. Warren To Be Guest

Governor and Mrs. Earl Warren have accepted an invitation to be honor guests at the opening performance of the Ramona Outdoor Play on April 22, in the Ramona Bowl here, John A. Faull, president of the Ramona Pageant Association, announced today.

Governor Warren will be the principal speaker at the Ramona Play Newspaper dinner that evening, at the Hemet fair grounds. The dinner, jointly arranged by The Ramona Pageant Association and the Riverside County Newspaper Publisher's Association, is open to the public.

A score of other distinguished Californians and notable visitors will attend the dinner, according to the association president. More than 700 persons attended the affair last year.

Upland Safety Group Meets

Following are the minutes for the meeting of the Upland Safety Council held April 5.

The accident report for the month of March showed that there were 12 accidents in the vicinity of Upland. There were four injured. Eight local cars were involved.

Six accidents were on Euclid Ave., and five on Campus.

A notable lack of courtesy and ignorance of the rules of the road were directly responsible for seven of the accidents. Excessive speed was the cause of five.

Under ignorance of rules of the road, turning from the wrong lane was predominant. It would appear that any driver would know that in making a turn from a two or three lane highway, one direction traffic, that the turn should be indicated, first, by the proper signal. For a right turn the turn is made from that portion of the roadway as close as practicable to the right hand curb or edge of the highway, in other words, from the right lane. And for a left turn from the left lane. Time and again drivers have been noted turning left from the right lane and right from the left lane. This practice invites accidents.

The SAFE DRIVER will not pass another car at an intersection, but 10 per cent of the drivers are not safe.

The Education Committee reported some progress on their study of Driver Education—practical instruction behind the wheel. Communities, where this instruction is provided, have been contacted. All agree as to the value of the instruction. The AAA and the Automobile Club of Southern California, and various companies who furnish the training vehicles have provided necessary information and a study is being made of the required equipment, personnel and the cost to the community.

All agree that practical training is necessary. The accident and death rate among teen-agers constitutes over 65 per cent of the total casualties. As a result of this fact insurance rates for this group of drivers is 61 per cent above that of the older group. The cost eo auto owners in California is slightly over $17,000,000.

At the Bicycle Rodeo, all machines were given a thorough inspection. The majority of the bicycles had no warning devices, reflectors or lights. Parents should have enough interest in the safety of their children to privde these necessities. Failure to provide these safety devices constitute contributory negligence.

The Enforcement Committee recommends periodic inspection of all motor driven vehicles. This would have to be a State regulation.

The Safety Council passed a resolution commending Mr. Lew Fuller, director of recreation, and the Exchange Club, for their public spirited action in promoting the Bicycle Rodeo and the resulting Safety Education to the participants.

New President Of California Fruit Growers Exchange

Harvey A. Lynn of Riverside was today elected president of the California Fruit Growers Exchange, succeeding Charles Collins Teague who passed away March 20 in his 30th year as head of the Sunkist marketing cooperative. Lynn is the 7th president of the Erchange since its organization in 1893.

Lynn was also elected president of Fruit Growers Supply Company, the supply affiliate of the Exchange.

Lynn, who has been a director of the California Fruit Growers Exchange since 1921 first became associated with the California citrus industry in 1907 when he entered the sales department of the Exchange. In 1914 he was named manager of the Arlington Heights Fruit Exchange which later combined with the Riverside Fruit Exchange to form one of the 26 district organizations affiliated with Sunkist. He held that position until December 1, 1948 when he retired as manager of the districe exchange and was elected its president.

On the national scene, Lynn is a director of the National Council of Farmer Cooperatives and the American Institute of Cooperation. In his home community of Riverside he is a member of the Board of Public Utilities and head of the Riverside activity of the Pacific Coast Transportation Advisory Board. He is a director of the Gavilan Citrus Association.

A citrus grower on a modest scale for many years, Lynn has long been active in the citrus industry in Riverside County. He has been active in the development of water supply and is a director of three water companies in the Riverside area.

Milton M. Teague was elected to succeed his father as director of the California Fruit Growers Exchange, representing Ventura County Fruit Exchange. Teague was associated with his father in the Limoneira Company since graduation from Stanford University and has been genaral manager of the company since 1947.

Liquor Not Driving Aid

Liquor or intoxicants were contributing factors in 11,336 motor vehicle accidents—513 of them fatal—in California last year, according to a statistical summary disclosed today by the California Highway Patrol.

The summary was broken down further to show that drivers "obviously drunk" were involved in 161 fatal accidents and 3,709 non-fatal mishaps. The classification, "had been drinking," revealed 352 fatal accidents and 7,114 non-fatal accidents charged against those drivers.

Veterans Employment Committee Meets

The meeting of the Veterans Employment Committee for the Ontario, Upland, Chino and Cucamonga area was held at the California State Employment Office at its new location at 207 West B Street in Ontario, last week.

Mr. Gunner Lind of the VFW Old Baldy Post No. 2085, in opening the meeting, related to purposes of the committee to the new members present. Cards bearing the phone number of this area's employment office were given out to the members to be distributed throughout their respective organizations in order that a better cooperation may be had between the various organizations and Mrs. Mabel Gammelgaard, manager of the California State Employment Office, and Mr. Dean Duncan, Veterans Representative. It is the desire of this committee to contact Duncan concerning any type of employment so that he, in turn, may contact the employer and place a qualified veteran for the job.

Mrs. Gammelgaard, in speaking to the group, brought out the fact that each veteran who has sought employment through her office has been screened thoroughly and a record is kept of his or her particular skills. Thus a mutual benefit is received by both the employer and the employee.

Also brought to the attention of the members was the serious unemployment condition in this area at the present time. For the past month this office has carried the applications of 405 veterans seeking employment.

It is hoped that through the combined efforts of the employment office and this committee of volunteers that the serious condition of unemployment can be brought to the attention of those who are in the position to employ additional help. Employers needing additional help are urged to contact Duncan at Ontario 624-106, in whose files are veterans' applications covering skills in various fields from labor to top executives.

Members present at the meeting were: Gunner Lind, VFW Old Baldy Post No. 2085, Martin D. Allen, American Legion Chino Post No. 299, Robert J. Theall, American Legion Upland Post No. 73, Mrs. Ida Stevens, President of the Daughters of the Union Veterans of the Civil War Mary Brainard Tent No. 48, Mrs. Rose Buerwell and Mrs. Clara Tilden of the Daughters of the Union Veterans of the Civil War Mary Brainard Tent No. 48, Mrs. Denzel Leggett and Hazel P. Whitehouse, Disabled Veterans Ontario-Upland Post No. 27, Meta Whiteley and Mary Etta Lewis of the VFW Auxiliary Old Baldy Post No. 2085.

The next regular monthly meeting will be held at 7:30 p.m., Monday, April 17, at 207 West B St., in Ontario. All veterans' organizations and their respective auxiliaries are urged to send representatives to attend these meetings.

Good Neighbor Policy

FOR PARTY LINERS

Today, approximately 8 of every 9 residence telephones in this area are on party lines.

During the past four years we have constructed and installed tremendous amounts of new telephone equipment. The primary purpose of this equipment has been to provide service to those who had no telephones. When we can catch up with this huge demand we shall again be able to offer any type of service the subscriber may choose.

Until this time comes we know you will continue to be a good party-line neighbor to those who share your line. To this end, we make the following suggestions:

1. ***Limit casual telephone conversations to five minutes or less.***
2. ***Allow a few minutes between calls to enable your friends to reach you—and to give your neighbors a chance to call, too.***
3. ***Hang up quietly when you find the line in use.***
4. ***Be willing to give up the line if a neighbor requests it to summon a doctor or for some other emergency.***
